THE NEWSPAPER LAW.

1. All subscribers who do not give express notice to the contrary are considered wishing to continue their subscription.

2. If subscribers order the discontinuance of their periodicals, the publisher may continue to send them until all arrearages are paid.

3. If subscribers refuse or neglect to take their periodicals from the office to which they are directed, they are responsible until they have settled their bills and ordered them discontinued.

4 Subscribers moving to other places without informing the publisher, and the papers are sent to the former address, they are held responsible.

5 The courts have decided that refusing to take periodcals from the office, or removing and leaving them uncalled for, is primafacie evidence of intended fraud

vance they are bound to give notice at the end of the time if they do not wish to continue taking it; otherwise the publisher is authorized to send it, and the subscriber will be responsible until an expression notice with all arrtarages, are sent to the publisher.

The latest postal laws are such that newspaper publishers can arrestany one for fraud who takes a paper and refuses to pay for it. Under the law the man who allows his subscription to run along some time unpaid, and then orders the postmaster to mark it "refused" and have a postal card sent notifying the publisher, leaves himself liable to arrest and fine, the same as for theft.

Office Along Main Street,

We Are Not a Small Store

On a back street trying to get a start by dividing our profits with our custo ners.

We Are Not a Big Store At the end of the street trying to freeze out the smaller concern.

But_We Are

The oldest, best located, best stocked, and best equipped store in Carson, holding our place where we always held it, at the head of the procession.

PRICE \$74.99. REDUCED(FROM \$75. WHY DO WE DO IT?

For the same reason that some of our compeditors have reduced the price of Citron, Lemon and Orange Peal? Because we know that you do not want it at this season of the year and we want to make a cut that will look big to you and amount nothing to us.

No, we do it to attract your attention. Now that we have it let us ask if you have noticed a great reduction in our neighbor's prices. Are they not asking "before the war" prices for most of their goods? Are they not sell ng a few unimportant things cheaper and making up on others? Is not the general average about the same? Do you think it is much to your advantage to get what you do not want cheaper and pay as much or more for what you really need?

Do you know why they shout CASH every time they make a close price? Is it because they are not able to trust you? If so do you think they will be able to buy to advantage and sell accordingly? Is it because they cannot trust you? Then can you trust them? Is it because they think you will not have eash to take advantage of their offer with? Perhaps.

Now we are not so particular about the CASH. We have probably trusted twice as much as any house in Carson and are still doing it. We have had your confidence and have been trusted by you and we are not going to exact. Cash, from you before we

give you what belongs to you—your moneys worth.

Our prices are not HALF RIGHT they are ALL RIGHT and they are our only weapons. You can come to our store without seeing ugly looking knives or hearing us shout CASH OR MERRY WAR.

TRY IT.
